

The Most Economic Hard Coating System

E-Class Series Guarantees To You

- Fast Setup
- Fast Delivery
- Fast ROI

STAR-4E PVD Coating System

Specifications

Model	STAR-4E
Load Diameter	ø550 mm (ø21.7")
Load Height	500 mm (19.7")
Technology	Cathodic Arc
Cycle Time (2 microns)	4 Hours
Loading Capacity (ø1/2 x 3" Endmill)	500 pcs
Footprint	L2850 x W1860 x H2150 mm (L112.2" x W73.2" x H84.6")

Highlights

- Integration with 30 years of experience in PVD coating
- 10+ hard coatings available, including DLC
- Global after-sales service, training, and technical support
